

WICTON FARM NEWSLETTER

WELCOME TO WICTON FARM, HOME TO THE WILD COW DAIRY. OUR MONTHLY NEWSLETTER WILL KEEP YOU UP TO DATE WITH THE GOINGS ON ON THE FARM - WE HOPE YOU ENJOY READING IT!

First calf of the Autumn season

The first of our autumn calving cows gave birth this week in the glorious September sunshine!

She is a first time mum and has had a beautiful heifer calf, who will become part of the milking herd in the future.

Our calves either stay with their mothers until they are weaned, or will be moved on to one of our 'nanny cows' - those cows in the herd with strong maternal instincts who will rear up to 3 calves (depending on how much milk they produce) - ensuring there is enough milk for calves and our customers!

Apple Picking Day at the farm

Come and join us on Saturday 4th October for a volunteer apple picking day - celebrating nature, harvest time and community. Pick apples, learn how to juice them and the bottling process. An organic hot lunch will be provided free of charge and everybody will get some free apples and apple juice to take home. Please book a space at trybooking.com/uk/FJHU or call us on 01885 498484

News from the Wild Cow Garden

Autumn is definitely putting its mark on the vegetables; all the warmth loving veggies are slowing right down with the production. Courgette plants were giving 2-3 fruits every day or two, this week we only managed to harvest 4 courgettes from 8 plants; big difference, but it is okay as they were terrific producers this summer. Delicious raw milk now available

We are delighted to announce that we are now certified to sell raw milk!

Raw milk is unpasteurised, untreated and exactly how nature intended.

Sourced directly from our happy, healthy, grass-fed cows, raw milk retains all its healthy, beneficial enzymes, vitamins, and probiotics that are often lost during pasteurisation.

Raw milk can be ordered through our website - either for collection from the farm or courier delivery to your door.
